Notes:

- a.** This insert is designed to work together with our other Twilight Imperium insert FS-TI4. The grey trays above are from FS-TI4, with their organisation in the box slightly adjusted to allow for the new FS-TI4+ trays.
- b.** The trade, infantry & fighter tokens from both the base game and expansion are stored together in Tray 2. The trays previously used for this are re-purposed to store new faction tokens and cards.

- c.** The new mech units are added to the destroyer ship slot in each of the now 8 unit trays.
- d.** The dice and other game tokens are moved to Trays 6a & 6b, leaving space in the old FS-TI4 trays for new factions.
- e.** The secret objective deck is moved to Tray 7a, leaving space in the FS-TI4 trays for the expanded action, agenda, and stage I & II objective cards decks.

Tip: Keep the instructions in the bottom of your board game box as a reminder of how the insert fits together.
